MEMORANDUM FOR : Chief, Materiel Staff, Development Projects Division

SUBJECT : Disposition of [REDACTED] Fire Vehicle

1. This will simply confirm our discussion today, the net effect of which was that we will plan to move the subject special dry chemical fire truck to the OXCART Area once we retrieve it from [REDACTED]. I think it will be extremely valuable there as a crash rescue vehicle, as well as for fighting special types of chemical or high intensity fires.

2. I assume that at the time of such a transfer there will have to be a paper transaction crediting WH Division [REDACTED] with the book or adjusted value of the truck and that OXCART funds would have to be debited accordingly. I also assume there will be costs involved in driving or transporting from the POE to the OXCART Area. Please let me know as time goes on what the prospects of getting this equipment back from the jungle are.

SIGNED

[REDACTED]  
Assistant Chief  
DPD-DD/P
